If you are of course on a budget then it is best to avoid those hotels situated in the heart of the city and instead opt for those located more on the boundaries. But keep in mind that location is more important than the cost of the hotel. You can get big savings when you are located in the center of all activities in Makati like in Greenbelt area since you can get huge savings on your daily transportation. This is specially true if you intend to stay for very long time.
