Copa Businessman's Hotel Guest Reviews

:- (:-) **"Excellent location reasonably cheap** - if book via Asia travel for makati - Paid P2800 for a junior suite (too bad all such rooms faced the main road so quite noisy). We stayed 6 nites , manager Benj , very kind allowed us late check out at 4pm 'cos our flight was at 8pm. Rooms and bathroom dated but it's clean... good value for money at makati i feel..." :-) **"Good Value for Economy Traveler** - This is a hotel that is often missed in hotel searches. The hotel name probably does not help. From the name you would think it is a men's only hotel. Going back to the mid 1990's we have stayed at both this hotel and the El Cielito. The hotels are about the same in quality and used to be equally..." [Guest review from www.tripadvisor.com](#)

:- (**"Choose rather another one** - Initially I was to book some other hotel, however my partner from Manila booked me this one - two JUNIOR SUITES. After our arrival, the air condition in my room was not working, they changed me the room, however only provisionally, bcs "the roof is leaking and if the rain comes"... The air condition had not been to repair and..." [Guest review from www.tripadvisor.com](#)

:- (**"Never again!!!** - I've been here twice with my partner. The first time that we were here was is March 2008. We planned an overnight stay to be able to go around Makati (since this is just across Hotel Renaissance and Greenbelt). So, upon payment, (PLUS the 2K security deposit, mind you) the first room that we got was #305. It was really..." [Guest review from www.tripadvisor.com](#)

:-) **"Copa Businessman's Hotel: Good Value Hotel** - We have stayed at this hotel for the last 5 to 6 years. Considering you are in Makati and walking distance from major hotels and shopping, it is really good value. It is a Filipino version of a Motel 6. A no frills hotel with some dated equipment. If they went and replaced all the Aircon units, water heaters, drapes, ceiling light fixtures, and did some paint touch up, they could charge more for the rooms. Regardless, we accept the rooms for what they are, good value and like the location and staff..." [Guest review from virtualtourist.com](#)

:-) **"Good Value** - We are a repeat customer at the Copa. A good budget hotel in a very good location. One of the lowest priced hotels in an area where most hotels are 5 star hotels and run closer to \$200 a night. If you remember to tip the staff they will bend over backwards to help you. Don't forget the guard out front that helps you back out into traffic or helps you get a taxi. The \$1 tip is more than they make in two hours and is greatly appreciated..." :-) **"I enjoyed my stay there** - nice and clean very friendly people and close to te green belt..." [Guest review from travel.yahoo.com](#)

:-) **"good location** - the place is good because its near greenebelt, landmark and glorieta, all u have to is just a 5 mins stroll from the hotel, the rooms are clean nd affordable for just P2000.00 a night, service is good and with friendly staff..." [Guest review from travel.yahoo.com](#)

:-) **"Much improved from my last stay (under new management)** - and the staff are very welcoming and helpful. The standard rooms are quite small and the beds a bit hard, but (in our room at least) the bathroom was recently renovated. We paid approx GBP38/USD58 through [website] for a room in a hotel very close to Glorietta and Green Belt. And a 7 seater van to the airport cost only 700 pesos. In my opinion, hard to beat..." :-) **"Excellent location** - and easy walking distance to shopping and restaurants in Makati..." [Guest review from www.hotelclub.com](#)

:- (**"Minimal facilities** - poor value, and very disappointing. I left after 3 days and went elsewhere..." [Guest review from www.hotelclub.com](#)

:-(**"This hotel is well overpriced** - I actually checked out after 1 night. The rooms were done dirty but they were a bit gloomy with not enough light. The staff were friendly and helpful and they knew why i was checking out early..." [Guest review from www.hotelclub.com](#)
