Jupiter Suites Guest Reviews

*:-) "**Location + Size = Value for Money** - I decided to take a chance on the Jupiter Suites after bumping upon it by accident on the internet (I was searching for another hotel), and I'm glad my gamble paid off. I stayed for five nights in a spacious Deluxe room, which I considered good value for money, bearing in mind the hotel's location and general accessibility. I was..." *:-) "**one of the "worth-paying-for** - hotel I've stayed -My family stayed in this hotel for a couple of days and you will never regret staying here since the price is reasonable, worth spending for. We got 2 rooms and both rooms were spacious, comfy beds with clean bathrooms. In addition, They also have welcoming n friendly staff to help you out.. lastly, What was great about their hotel..." *:-) "**My Favorite Hotel in Makati** - I have been staying at Jupiter Suites for the past couple of years now everytime I visit Manila. It is very reasonably priced, the service is outstanding, and the location is great. I have tried all the other hotels nearby priced anywhere from \$50 - \$150 per night and by far, Jupiter Suites offers the best value for your money..." [Guest review from www.tripadvisor.com](#)*

*:-) "**Affordable, clean, and superb service!** - I was in Manila for a week for WordCamp Philippines 09, and during the entire week, Jupiter Suites graciously hosted me and the rest of the organizers. Jupiter Suites is a reasonably-priced hotel with quality accommodations. It is located right off Jupiter Street and Makati*

Avenue— just a few-minute cab ride from malls and various business establishments. It's just a..." [Guest review from www.tripadvisor.com](#)

:-) "**A cozy second home in Makati City** - When I was in the big city last week for WordCamp Philippines 2009, my organizing team and I stayed at a delightful little hotel in Makati, Jupiter Suites. Honestly, I had never heard of it before (even though my mother's family hails from Bel-Air Village in Makati), but I'm certainly glad I know about them now! Situated right smack in..." :-) "**Value for location** - This hotel is located right off Makati Ave on Jupiter Str, a very busy intersection, but near to many restaurants and bars. The rooms are spacious but the space is not so well used since the rooms are long and narrow. The facilities are all fairly basic but clean and the window type airconditioner cooled the room comfortably although..." [Guest review from www.tripadvisor.com](#)

:-) "**Not for everyone** - If you are looking for a reasonably priced hotel with very basic accommodations this hotel might be for you. I would classify this as a budget hotel but it is fairly nice and kept clean. However, there is no alarm clock, no shower liner (just a shower curtain), and they charge you extra for hand towels and wash cloths but..." [Guest review from www.tripadvisor.com](#)

:-) "**I stayed a total of 4 nights** - at this hotel and found the service excellent. The hotel is older in style and of a 3 and half star standard. I paid full price but note there are special prices more suitable for locals. A higher star rating would be available if there was additional facilities such as inroom tea and coffee or extra hotel facilities. The staff are great and the room was perfect for me but this hotel is not for those who need 5 star facilities..." [Guest review from www.hotelclub.com](#)

:-) "**As with almost all hotels in Makati** - they are run down and in need of a makeover but due to economics the only hotels that are reasonably decent decor are 100USD + a night which is quite expensive. Jupiter is actually not bad at about 70 USD a night clean and safe but could do with a bit of money spending on it its very near to the red light district P Burgos street and at the opposite end of Makati avenue to Greenbelt so about 20 mns walk or hop on a Jeepney 5 Mins so pretty convenient Its actually better than the hotels directly on P Burgos street and friendly staff so not at all bad for the cost just wish that there were more hotels in Makati of a better standard without going over the 120USD a night price range all in all not a bad hotel safe and clean just a bit rundown" [Guest review from www.hotelclub.com](#)

:-) "**The only problem was** - that they use a certain detergent that lingers on the towels. It is strong and lasts the whole day. Location is about a five to ten minutes ride to Glorietta Shopping Mall, less than 60 pesos taxi ride, very convenient." [Guest review from www.hotelclub.com](#)

:-) "**Aircon had a mechanical problem** - didn't get a new room. Dirt on the floor Food ok, and pleased with the shower, hot water was good." [Guest review from www.hotelclub.com](#)

:-) "**Just an excellent hotel** - very clean service excellent and 300m from the beach small gripe is that it has no swimming pool and no gym but not a problem for a week very nice and the manager Emmerson was excellent during the stay. Free wireless internet and the staff were very friendly. on a down side there was building renovation work with a little annoying noise but not anything that spoiled the week" [Guest review from www.hotelclub.com](#)

:-) "**Room was suitable for my purposes. Location** - Room was suitable for my purposes. Location within Makati was good. Dining area was pretty ordinary and I did not use it preferring to eat out. I would not stay here again but I could understand non business people would find attractive..." [Guest review from www.asiarooms.com](#)

:-) "**The suites and room were reflective of** - The suites and room were reflective of the price and represented relatively good value. Nothing amazing, but the room was spacious and had a decent selection

of TV channels..."[Guest review from www.asiarooms.com](#)
