In Makati City there are several hotels that allow guests to bring their pets. Many even cater to pets by offering meals, places for them to exercise, and other special amenities. Many people would prefer not to leave their beloved pets at home, especially if they will be away from home for a while. With customized internet searches available travelers can find the right hotels where they can take their favorite canine or feline friends and still have comfortable accommodations that allow pets to stay in the rooms with their owners and make them feel welcome with their favorite companions.
