Concierge Service

Hotels that focus on pleasing guests in Makati City often provide concierge services to make the visit more pleasant and enhance the experience of the visit. Services like tourist packages, shuttles to and from airports, luxury spa treatments, restaurant reservations, tickets to local shows and events, and many other extras are the types of services that may be offered through several of the city's guest accommodations. Concierge services give guests a more personal experience that helps them feel welcome and special. As with other types of services, it pays to check out each facility and find out what is offered and what is available before making reservations at a particular hotel.
