Makati Palace Hotel Guest Reviews

*:-) "**The night life there is lively with lots of bar** - if you like night life and korean food, there will be a good place to stay.." [Guest review from www.tripadvisor.com](#)*

*:-) "**Overall decent** - I stayed here 1 night; it was a great view of makati in a comfortable room with hot water and cable tv. For the price I paid, it really should have had internet. Most things in makati were within walking distance. One especially bad note, however, was that they tried very hard to push you into their taxis which charged..." [Guest review from www.tripadvisor.com](#)*

*:-("**OK Hotel in bad location** - I do not recommend the hotel for the cons that are listed above. There is really no nice place in walking distance in the area of Makati. I strongly suggest you avoid this area if you have any type of morality." [Guest review from www.tripadvisor.com](#)*

*:-) "**Makati Palace Stay** - Overall i had a pleasant stay at Makati Palace. On arrival, the staff were friendly, accommodating and helpful. Good security provided upon entering the hotel. The hotel had most of the amenities and facilities that one could ask for. On stepping out, you'll find yourself in the heart of Makati, with shopping, dining and night life all within walking distance..." [Guest review from www.tripadvisor.com](#)*

*:-) "**Makati Palace** - is in a good location if your business is around the Makati Avenue area, as mine was. The staff were friendly and helpful. The room was clean and the furnishing was adequate, if a little aged. The security was very good. The hotel is adjacent/opposite a couple of good cafes if you want to watch the nightlife. Good..." *:-) "**GREAT PLACE TO STAY** - I have stayed at Makati Palace Hotel atleast 7 different times. I have stayed at 2 other hotels, in Manila, one of which is closed, the other is cock roach infested and not worth mentioning. Makati was always clean and bug free. The buffet style breakfast at Makati Palace was worth the money I thought. They also have a few..." [Guest review from www.tripadvisor.com](#)*

*:-) "**3 Night Stay** - Location is great if you want to be surrounded by bars and night life. If you are with family and children you might want to stay in a different part of Manila. Taxi took about 30 min to get from airport to hotel but it was during Monday morning rush hour traffic. Pool was nice, good sized with a great view..." [Guest review from www.tripadvisor.com](#)*

*:-("**Bad location** - I read about the hotel on the internet, read the reviews seemed to be value for the money and I guess it probably still is. However, the area was too much and made my stay unbearable. On more positive side I found the taxis outside to be very good and reasonably priced. One driver in particular was very helpful and..." *:-) "**IT was real nice** - I enjoy the place allot, i will stay there next time i go back to pi, i will tell my friends about it. The price was good not bad at all. If you repaint the rooms it will look a lot better and you will have allot more customers staying there. Wonderful view specially during new years celebration..." *:-) :-("**From good to bad** - I have stayed in this hotel many times, mainly because of its location, but also because of the quality of services provided. I was very disappointed during my last stay ... no Internet connection in the room, deficient house keeping service (had to remind them to clean the room at 4.00 pm one day), long waiting time when checking out..." [Guest review from www.tripadvisor.com](#)*

*:-("**My only complain** - is that it took more than an hour and 3 phone calls before I could get an ironing board sent to the room. Otherwise everything else was excellent. The room was better than many other 3 star hotels I've been to. I would classify it as 4 star standard. The elevator was too hot though, I felt suffocated. Everyone at the concierge and reception desk was warm and friendly. I expected a wireless*

internet connection. Had to use the internet cafe across the street. As a muslim, finding halal food is an issue in Manila, but there are 2 middle eastern restaurants in the vicinity of ... " [Guest review from www.hoteltravel.com](#)

:-) "**Fair value for the money** - which is to say that it isn't the best value for the money. Also, note that the hotel is in the midst of the red light district. I didn't find this particularly objectionable, but some visitors might..." [Guest review from www.hoteltravel.com](#)

:-) "**Location of the hotel is pretty good close** - to main road and other entertainment. Hotel facilities are not to my expectation though. The fitness center is not to my standard. No airconditioning, the carpet are old, only few weights are available and most are small plates, equipments are few, needs upgrading and its below par. The pools are average, but never seen any person use it. Monetary exchange is available at the counter but the rates is lower than the market rate. Rates at the restaurant is kind of expensive comparing to the food offered, they sure need to offer more. Service and friendliness of the staff is excellent. Value for your money?..its good if you dont expect a lot. Next time?..I'll try somewhere else just for fun..." [Guest review from www.hoteltravel.com](#)
